MISSION STATEMENT

The purpose of this document is to define guidelines and establish optimum standards of business practices, assigning procedures, and conduct of officials within the Orange County Umpire Board, hereafter referred to as OCUB. By addressing the issues of procedures and grievances, it is hoped to facilitate a more consistent process and better understanding between the officers, officials, and schools involved in this process.

1. Purpose of Organization

The purpose of this organization shall be to provide rated girls' lacrosse officials for high school play within Orange and Riverside Counties by:

- a. Providing training for those who wish to become rated officials;
- b. Providing rated officials the opportunity to improve skills;
- c. Providing opportunities for coaches and officials to discuss new rules and interpretations annually;
- d. Providing a procedure for handling problems concerning rules interpretations during the season;
- e. Encouraging all those involved to participate within the spirit of the rules and the game in all events, competitive and non-competitive;

2. Officials Certification Process

A. Fees for Officials:

1. There is an annual fee required of all lacrosse officials (\$50 for 2014) for US Lacrosse Membership. The US Lacrosse fee includes insurance coverage for officials. (For more information go to www.uslacrosse.org .) Payment must be paid prior to taking part in any on-field training session or umpiring of any scrimmages or games.
2. There is an annual OCUB Membership Fee required of all OCUB officials (\$50 for 2014). Payment must be paid prior to taking part in any on-field training session or umpiring of any scrimmages or games.
3. There is a clinic fee (\$25 for 2014) for new officials. This fee covers the cost of paying the official trainer for the clinic, materials and for the clinic site.

B. All official candidates must attend a classroom clinic (6 hours) and an on field clinic (2 hours) before beginning the rating process.

C. Rating Process: US Lacrosse and the Women's Division Official's Council do not approve or encourage the use of unrated officials on any game. As an affiliate of US Lacrosse, the OCUB requires all officials to become US Lacrosse rated officials. Along with US Lacrosse, the OCUB is committed to ensuring that all officials have proper training and the skills necessary to keep the game safe. The rating process is an integral part of the improvement and training of officials. The levels of officials and the requirements are described in detail in the US Lacrosse Women's Division Policy Manual.

1. US Lacrosse officials are required to take a written rules exam annually to maintain their rating. The test is to be completed by the start of the High School season.
2. One of the requirements for officials is to be rated on the field by an experienced official (as designated in the Policy Manual). If the on-the-field rating session takes place during a game, officials will forfeit their game fee to the rater(s) for the game in which they are being rated. (Officials are not paid for any game in which they are rated.) If schedules allow, Youth officials and new apprentices may have their on-the-field rating sessions during designated training scrimmages in which there is no pay involved.

3. Officials failing to complete the field rating session and/or the written exam, regardless of years of experience or previous rating, will be considered probationary/un-rated. Officials with a probationary/un-rated status will not be assigned games of any level.
The OCUB wants the rating process to be positive one for everyone. OCUB will set up rating/training days for youth and apprentice officials and will communicate with returning officials on rating opportunities. It is, however, the responsibility of each individual official to ensure completion of the process.
4. It is the responsibility of each official to keep their rating current and in good standing with the board. It is the official's responsibility to bring to the attention of the OCUB the need to be rated. It is recommended to let the board know at the beginning of the quarter in which the rating expires so there is ample opportunity to coordinate the rating.

Recommendation: NOTE: It is important for rated officials to understand the following: Ample notification is needed to plan for a rerating. If an official does not notify the Board of their need to be rated AT LEAST 3 months prior to the expiration of their rating, there may not be an opportunity available for a renewal of said rating. If there is no opportunity for a renewal rating, an official's rating will expire, regardless of that official's previous rating or number of years' experience. Please see the Policy Manual for rating procedures for expired ratings.

Recommended Rating Progression: It is the intent and expectation of the USL official rating process that officials progress in their skills and rating to facilitate professional growth and raised levels of play. Each rating has a time frame for promotion to the next. The following are guidelines (addressed on an individual basis):

- **Apprentice** officials will be assigned to appropriate levels of play that will promote their training and development. Apprentice umpires will be assigned to high school and youth. Apprentice umpires will not be assigned to College Club (WWLL) or NCAA varsity games of any level. Exceptions to this policy can be made only on an individual basis approved by the board chair.
- **Level 1,2,3** officials will be assigned based on their experience, skill and the level of play. Level 1,2 and 3 umpires will be assigned to youth and high school. Level 3 Umpires may be assigned to "A" and "B" level College Club games.
- **Collegiate, Collegiate Select and National** rated officials will be assigned based on their experience, skill and the level of play. Collegiate, Collegiate Select and National umpires are eligible and may be assigned to "A" level College Club games (WWLL Div I) and NCAA varsity games. Other levels of play will be assigned as needed.

Failure to make timely progress may result in games no longer being assigned or loss of rating entirely.
